MISCELLANEOUS READING. A SWARM OF BEES LET LOOSE IN A DEPOT .---A couple of days ago a man from Illinois passed through on the railroad with one hundred and ten cases of bees, en route for California, where he says he receives \$100 Pathological and Practical Observations on Dis- a box for them, They cost him \$3 a box in veyed from the Toledo to the C. & E. train one of them fell off the track and burst open, and in an instant the air was filled with the buzzing insects. The depot being crowded ed as a Text-Book for the Student, and as a Guide with passengers, quite a commotion was excited. The bees, tired of their confinement and jolt over the rails, resolved on a spree, and playfully lighing on the faces of frantic women and nervous men, left them more frantic and nervous than before, from their pointed attentions. Warren, Lawrence, and Robison, though efficient depot officers, and adroit in catching thieves, stood no chance with the winged rogues. Clark was seen beating a hasty retreat through the side door, not "with a flea in his ear" exactly, but with an agile and exceedingly tenacious honey bee down the back of his neck. Others received stinging reproofs for their constitutional tardiness of locomotion, and were observed to move at a speed never before attempted by them. There was a degree of warmth about the attentions of the bees not orse, new life, baptism, the path of pleasantness, to be resisted. They disappeared after a time and the depot resumed its accustomed

EXCUTEMENT IN CLEVELAND ABOUT A CRIED. -A week ago last Monday, Oscar, a bright little boy of two years, and youngest child of Capt McNelley, of the propeller Brad-bery, was missed from his home in Cleveland. Every effort was made to gain some clue of the missing little one, but all to no purpose. The child's parents were almost crazy with grief, and every father and mother in the city deeply sympathized with them. The city was ransacked from end to end; handbills were sent all over the State, and the anxiety in regard to the child grew more and more intense as day by day passed with-out bringing any tidings of it. News was at out bringing any tidings of it. length received that the child had been seen in charge of a woman some ten miles Breakfast, Dinner, and Tea, viewed Classically, south of Crestline. Marshal Crawford was Poetically and Practically, containing numerous curious dishes and feasts of all times and all countries and all countries of the containing numerous curious dishes and feasts of all times and all countries of the countries south of Crestline. Marshal Crawford was Cleveland on Friday. When the child was brought out of the car by its father the wildest enthusiasm prevailed in the immense throng. Loud hurrahs went up and congratulations were on every tongue. But, when officer Odell led the woman out, the tone of the crowd changed. A storm of hisses greeted her, and several cried "lynch her." A rush was made for her, and in a moment more, so infuriated was a large portion of Christian on their journey to the earthly and the heavenly Canaan, by Rev. F. R. Anspach, A. M., the throng, she must have been torn from limb to limb had not a powerful effort been made to drive the crowd back. She was taken to jail and locked up. The supposed an aid in begging.

WE WOULD CALL THE ATTENTION OF OUANO Dealers, Planters, and Farmers, to the article which we have on band, and for sale, at Thirty per cent. less than Peruvian Guano. and which we claim to be superior to any Guano or Fertilizer eyer imported or manufactured in this country. This GUANO is imported by WM. H. WEBB, of New York, from Jarvis' and Bakers' islands, in the "South Pacific Ocean," and is sold genuine and pure as imported. It has been satisactorily tested by many of our prominent Far mers, and analyzed by the most eminent and popu-lar Agricultural Chemists, and found to contain

(as will be seen by our circulars) a large per cent, of BONE PHOSPHATE OF LIME, PHOSPHORIC ACID, And other animal organic matter, yielding ammonia sufficient to produce immediate abundant crops, esides substantially enriching the soil. It can be freely used without danger of burning the seed or plant by coming in contact with it, as is the case with some other Fertilizers; retaining a great degree of moisture, it causes the plant to grow in a healthy condition, and as experience has proved,

For orders in any quantity (which will be prompt-vattended to,) or pamphlets containing full pariculars of analyses and tests of Farmers, apply to JOHN B. SARDY, Agent, No. 58 South-street, cor. of Wall-street, N. Y. The undersigned have been appointed Agents for the sale of this GUANO in Alexandria, and
